

Articulate 360 Teams

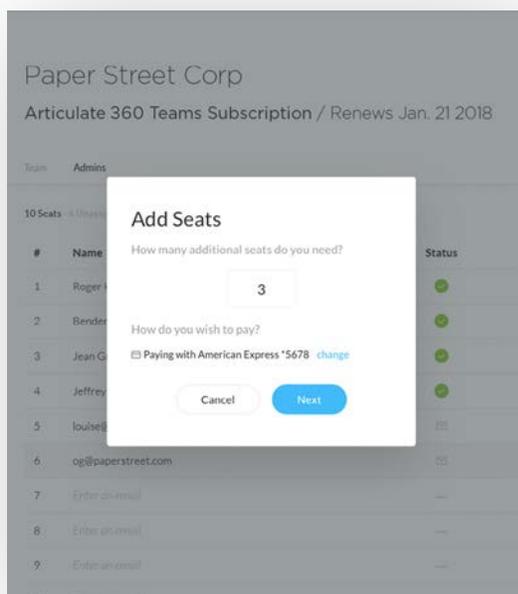

Articulate 360 Teams

Articulate 360 Teams provides simple account management, priority support, and team access to Articulate 360 with exclusive collaboration features

Give your team members everything they need to author multi-device courses, collaborate with one another, source stock assets, get their projects reviewed by stakeholders, and grow their e-learning skills. Plus, get priority support and admin tools that make managing your Articulate 360 Teams subscription a breeze.

Simple account management

Manage user, seat, and billing information in one place. Add new users to your account, transfer seats, and update in seconds. Buy and manage seats for others with flexible purchasing. And with consolidated billing, you'll simplify budgeting and expense permissions management. Get one annual bill that covers your Articulate 360 Teams seats.

The screenshot shows the 'Paper Street Corp' account management page for an 'Articulate 360 Teams Subscription' that renews on Jan. 21, 2018. The page displays a table of team members under the 'Admins' tab. The table has columns for '#', 'Name', and 'Status'. There are 10 seats in total, with 4 unassigned. The first four seats are assigned to team members, and the remaining six are unassigned.

#	Name	Status
1	Roger Kint (verbal@paperstreet.com)	✓
2	Bender Larson (bender@paperstreet.com)	✓
3	Jean Grey (jeangrey@paperstreet.com)	✓
4	Jeffrey Lebowski (thedude@paperstreet.com)	✓

Priority support

You'll get regular health checks from our success coaches to make sure your team is loving Articulate 360. And when your team members need support, they'll always jump to the front of the line and get instant access to support specialists via live chat.

Team access to Articulate 360

Give your team unlimited access to everything in Articulate 360, plus exclusive collaboration features.

Award-winning authoring tools

Get all of Articulate's authoring apps, so your team members have the power to choose the right tool for every project. And they can be confident content will look great on any device—no additional work required.

Graphic assets

Lower design costs with the ever-expanding Content Library. With assets such as stock photos and templates, everyone on your team can create courses with fewer company resources.

Exclusive collaboration features

Help team members work together on projects with exclusive product features. In Rise, they can collaborate on courses and share custom templates built from learning blocks. They also have the ability to share team slides in Storyline 360.

Faster project review cycles

Use Articulate Review to collaborate and collect stakeholder feedback quickly and easily in one simple web app.

Professional development

Build skills by joining industry pros in exclusive live webinars on everything e-learning.

Unlimited storage

Articulate 360 Teams includes unlimited storage, so everyone on your team will have all the room they need to collaborate on projects, even those with large multimedia files.
