## articulate 360®

✦ **AI Assistant**

Meet your new AI Assistant

Build better courses up to 9x faster with the magic of AI

AI Assistant helps e-learning creators accelerate authoring and unlock creativity and productivity. Stay in the driver's seat and guide the AI Assistant directly within your Articulate 360 authoring workflows to generate and polish content to perfection.

- **Better output, faster.** Guide AI Assistant to help you create content swiftly. Our proprietary tool is trained on instructional design principles, so you can feel confident in high-quality output.

- **Draft effortlessly.** Lean on AI Assistant as your creative partner to rapidly, outline, and draft course content. Give it source material or prompt it to research for you. Use the extra time for the creative work that only you can do.

- **Built for your workflows.** Get better output from AI—no matter your expertise. AI Assistant is built into Articulate 360 to create exceptional online courses up to 9x faster.

✦✦ AI Assistant

Craft compelling content: Brainstorm, outline, and draft faster.
- ✓ Generate blocks from scratch or source material
- ✓ Instantly generate a full set of lesson titles based on source material or the topic
- ✓ Count on quality from built-in training best practices

Draft, polish, and transform: You're always in control.
- ✓ Edit block structure and content
- ✓ Convert one block type to another
- ✓ Improve writing, change tone, highlight key terms, and even add emojis
- ✓ Prompt AI to draft new text

Reinforce learning: Skip tedious processes and focus on strategy.
- ✓ Create quizzes from courses, lessons, or topics
- ✓ Make a lesson knowledge check
- ✓ Generate lesson or course summaries

Imagine and create it: Prompt AI Assistant to create custom imagery to bring courses to life.
- ✓ Generate gorgeous images in a snap
- ✓ Choose from prebuilt styles or create your own
- ✓ Dazzle learners with cohesive designs

Rest easy. Choose AI that prioritizes your data safety and confidentiality.
- ✓ **Zero** data retention policy
- ✓ CCPA, GDPR, SOC 2, ISO 27001, and ISO 27701 compliant
- ✓ Robust transmission and encryption protocols
- ✓ Carefully vetted AI partners

| | Ask AI to edit.... | ➤ |

- ✒ Improve writing
- ☑ Fix spelling and grammar
- — Make shorter
- + Make longer
- ☺ Change tone ›
- ✏ Rewrite in simpler terms
