Why the world's top organizations trust Articulate 360

AI built in, not bolted on

Keep up with rapidly evolving training needs with AI built to support best training practices.

Intuitive and powerful

Anyone can create engaging training with tools that are easy to learn and leave room to grow.

Consistent on any device

Give your team responsive training that looks great on mobile, tablet, or desktop devices.

Accessibility-focused

Build inclusive training with robust features that broadly support WCAG and Section 508 accessibility standards.

Easier collaboration

Include your stakeholders with built-in review tools—and get quick feedback and approval.

125K+
organizations choose Articulate

48M+
learners upskill with Articulate

"If you want to keep your training at the top of its game, I would have to recommend Articulate."
